

# The Netherlands Recruitment Day recruit & scout (inter)national talents

Worldwide recruitment of masters, PhD's, early-stage and senior researchers

## What is it?

The Netherlands Recruitment Day is an online event for academics worldwide, who have an interest in working in the Netherlands. Dutch universities, research institutes and industry can present themselves and get in contact with talented researchers.

## What makes this day so special?

Before and during this event we can team up together and promote The Netherlands as a research country. The candidates come from all disciplines. We will reach out between April and September to over 500.000 potential candidates worldwide, of which we expect at least 1.000 to register. Participating gives you access to this vast talent pool of candidate CVs and research proposals. We will automatically match candidates with your actual vacancies or research areas. Whether you are recruiting for open vacancies, call for papers, long-term transfers, early-stagers or senior researchers.

## Is there a special focus?

The focus on the event is branding research in The Netherlands and establishing long-term relationships with potential candidates. Besides that, special focus areas are masters willing to do a PhD with a scholarship and preferred countries of interest: China, Indonesia, Vietnam, the United States, Colombia, Brazil, Mexico, Chile and Thailand.

## How does this event work?

- On October 1st, we have a virtual career fair with stands, where you can present your organisation.
- From June to September you have access to all candidate CVs and research proposals with the use of state-of-the-art matching algorithms and filters to find the fittest candidate spot-on.
- On October 1st, you can conduct scheduled 1-on-1 speed date interviews and give presentations.

## The Netherlands Recruitment Day (1 Oct)

Meet Dutch recruiters, and explore your career possibilities in the Netherlands!

## When is it?

To provide all candidates the opportunity to join, the event is scheduled on **Saturday October 1st, 2022** from morning 7:00 AM to late evening 11:00 PM (CEST) to cover all time zones. Candidates are asked for their country of residence to accommodate matching schedules in different time zones.
