## PRE-DOCTORAL PROGRAMME 2024

### ASSESSMENT PROCEDURE

The selection committee of the PhD-Consortium Indonesia will first assess the quality of the preliminary PhD research proposal. The submitted outline should:

- |  |   |
|--|---|
| <b>a) Be clear and address a relevant topic</b><br>( <i>scientific and societal relevance</i> )  | <b>d) Include a well formulated research question</b>                 |
| <b>b) Provide a sound and concise introduction</b><br>to the PhD research topic  | <b>e) Provide an overview of the proposed methodological approach</b> |
| <b>c) Explain the problem to be studied</b><br>( <i>problem statement</i> ) and why it is important to address this problem<br>( <i>research justification</i> ) | <b>f) Include the list of references used</b>                         |

- The selection committee will then review the CVs and check the applicants' merit during the undergraduate and postgraduate years as well as the other application requirements.
- As part of the assessment procedure, the committee might contact the PhD students for further information and inquiries.
- Applicants will be notified of the selection process outcome within two working weeks of receiving confirmation of their submission, but no later than 17 May 2024.
- Applicants are sent a formal email informing them of the committee's decision and the reasons underlying this.
- At this point they are also sent an invoice or options for payment for the participation in the programme.

#### Note:

All direct communication regarding the application/assessment procedure will be through Erasmus Training Centre, Jakarta.
